What are we looking for?

At tryouts, coaches are evaluating more than just skills. We are looking for athletes who demonstrate strong work ethic, coachability, & a positive team-first mindset. Competition cheer requires commitment, resilience, & the ability to grow both individually & as a team.

*Key qualities we are looking for include:

***Coachability:** Athletes who listen, accept corrections, & apply feedback quickly/positively

***Effort & Attitude:** Giving full effort at all times, maintaining focus, & showing enthusiasm—even when challenged.

***Technical Skills:** Proper technique in jumps, tumbling, stunting, & motions

***Performance Quality:** Sharp motions, strong facials, confidence, energy, & the ability to perform under pressure.

***Athleticism & Body Control:** Strength, flexibility, coordination, & the ability to safely execute skills.

***Teamwork:** Respect for teammates & coaches, willingness to support others, & understanding that team success comes first.

***Consistency:** The ability to perform skills repeatedly with control & confidence.

***Leadership & Accountability:** Showing responsibility, maturity, & setting a positive example - regardless of role or position.

***Tryouts are an opportunity to show not only what you can do now—
but how hard you are willing to work to improve!***

Support the Program through Giving & Volunteering

Creekview Competition Cheer Booster Club is an officially registered nonprofit/cause in the Benevity portal.

What Can You Do?

- Verify if your company/organization uses Benevity as a donation or volunteer platform.
- Search for the cause and DONATE!
 - Organizations may have different policies, but you may have the option for a one-time or recurring payment. Many organizations will also MATCH your donation.
- Search for the cause and log VOLUNTEER hours!
 - If your platform allows, log volunteer hours (camps, driving, Creekview Classic, etc.). Some organizations will PAY US for the time your volunteer.

Benevity is a platform used by numerous corporations and organizations to allow employees to donate directly to their preferred causes and track volunteer hours.
